We pioneer motion

SCHAEFFLER
LIFETIME SOLUTIONS

Keep your machines rolling

Schaeffler Lifetime Solutions

From mounting to condition monitoring and smart lubrication: our products, solutions and services work together to eliminate up to 100 % of all machine failures.

Keep your machines rolling

Your machines are running smoothly – and you can keep them going that way with Schaeffler Lifetime Solutions. Designed with maintenance teams and plant managers in mind: the portfolio offers you everything you need to ensure that uninterrupted rhythm in your workshops and plants. This applies to all industries.

Monitor

Condition Monitoring (CM) & Digital Services

Condition Monitoring solutions at a glance [› Link](#)

Schaeffler OPTIME CM

Monitoring solution for hundreds of rotating machines

[› Product page](#)

Schaeffler ProLink CMS

Monitoring solution for multiple machines critical for production

[› Product page](#)

Schaeffler SmartCheck

Monitoring solution for individual machines critical for production

[› Product page](#)

Schaeffler GreaseCheck

For monitoring bearings lubricated with grease. It provides reliable data on the grease condition inside the bearing.

[› Product page](#)

Schaeffler Premesy

Preload measurement system that detects preload-equivalent axial displacements in rolling bearings.

Lubricate

Lubricators and Lubricants

Lubrication solutions at a glance > [Link](#)

Schaeffler OPTIME C1

Lubricator that alerts via app when a lubrication point requires attention

> [Product page](#)

Schaeffler CONCEPT1

Gas-powered lubricator that can also be filled with greases from other manufacturers

> [Product page](#)

Schaeffler CONCEPT2/4/8

Lubricator with two, four or eight outputs that can be controlled separately

> [Product page](#)

Schaeffler Arcanol

17 Premium Arcanol quality greases (100% quality control) for different application areas

> [Product page](#)

Schaeffler Grease App

identifies suitable Arcanol grease, grease operating life, relubrication interval as well as the lubricant quantity

Schaeffler OPTIME C1 adapter

You want to stick with your old cartridge supplier – but still bring fresh momentum into your machines? While enjoying all the possibilities offered by the world's first truly smart lubricator?

The adapter works with device types of the following manufacturers:

perma-tec: FLEX, FLEX PLUS, NOVA

SKF: System 24 LAGD

NTN: READY BOOSTER, SMART BOOSTER

Klüber: KlübermaticFLEX, KlübermaticNOVA

Cartridge compatibility:

Cartridge sizes: 60 ml, 125 ml

Schaeffler Lifetime Solutions

In application

Condition monitoring solution
Paper mill: OPTIME CM does well in engine monitoring

Condition monitoring solution
Logistics center: SmartCheck monitors rack feeder motors

Lubrication solution
Industry: CONCEPT1 lubricates umpteen motors

Lubrication solution
Cement: OPTIME C1 lubricates with pinpoint accuracy and, thanks to smart technology, always indicates the status on a (mobile) end device regardless of location

Industrial tools – Assembly
Industry: through gentle inductive heating, HEATERS prevent damages such as uneven running, fractures or abrasion marks.

Industrial tools – Alignment
Industry: LASER-EQUILIGN2 always ensures professional alignment of your machines thanks to single laser technology

Schaeffler Lifetime Solutions

Customer Success Stories

62 tons less CO₂ emissions, savings of up to 145,000 Euro
Sustainable concept – monitoring and lubrication solution with ProLink CMS and CONCEPT8 on a fan

Dongfang Electric Corporation saves 1 million Euro
thanks to optimal lubrication with Arcanol Load460 in the shaft bearing

Approximately 90 machines failures less per year
thanks to comprehensive vibration monitoring solution with OPTIME CM

Lucrative business model for service providers
The OPTIME monitoring solution makes service operations easier

Just one avoided mill failure saves 47,000 Euro
Keep a close eye on the filling quantity of the lubricator, regardless of location

Easy setup - immediate failure identification with Condition Monitoring
saves Lehigh Hanson approximately \$15,000 per prevented shutdown.
